IMPORTANT SUGGESTIONS AND INSTRUCTIONS TO SUBSCRIBERS.

1. Always call by number.
2. Answer your 'phone promptly. It expedites the service for you and every other subscriber.
3. Press the telephone firmly to the ear. It is important.
4. DON'T SHOUT—it does no good; speak in an ordinary tone of voice, with the lips within an inch of the transmitter; enunciate distinctly.
5. Always hang up the telephone (with the ear-piece down) after finishing a conversation; otherwise the battery will soon be exhausted and you can not be heard—your bell will be cut out, and you can not be called from the Central office.
6. BUSY—Means that the line wanted is in use by some one else. Every connection means two busy lines.
7. Operators are required to be polite under all circumstances; please extend to them the same consideration.
8. Do not use the telephone during a thunder storm.
9. Operators can not carry on conversations; their entire attention is required to execute orders for connections.
10. The use of profane or obscene language through the telephone is forbidden.
11. The tolls of all long-line conversations, by whomsoever made, **WILL BE CHARGED TO THE SUBSCRIBER AT WHOSE STATION THEY ORIGINATE.** Non-subscribers are required to pay in advance for all toll messages.
12. Rates on all long lines are for conversations of three minutes or less. Each additional minute or fraction thereof will be charged for at tariff rates.
13. After finishing a conversation, “ring off” to notify “Central” you are through talking.
14. Report all trouble to Local Manager. Should this fail to bring the proper attention, communicate in writing with the General Office of the Company.

SUBSCRIBERS' NAMES AND NUMBERS.

The companies assume no liability whatever for errors or omission of names or number in the making up or printing of the Directory, nor can the permanency of a number assigned be always assured.

EMERGENCIES.

In case of sickness, fire or other emergency, it is the wish of the companies that the persons in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the companies do not assume any responsibility.

TELEGRAMS BY TELEPHONE.

Subscribers will be connected with the offices of the telegraph companies for the purpose of sending or receiving dispatches, but they must first arrange with the telegraph company, by personal application to the company's office, for the reception and transmission of their telegrams outward or inward, and payment of the charges. The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages. There will be no additional charge for the use of the telephones for the transmission of such messages for subscribers.

LINE IN USE.

About 10 per cent of all calls strike a "line in use." This can readily be understood from the fact that each wire is connected upon an average fifteen times a day. On some wires this average is more than trebled. Operators will inform subscribers when lines are in use. It is easier to make the connection than to report the line "busy," and operators do not make the report to save labor, as subscribers can readily learn by a visit to the Exchange. When a line is reported "busy," immediately replace the receiver on the hook and wait a reasonable time before again asking for the connection, rather than hold the line to ask questions of the operator and thus prevent others using the line. This is essential to good service.

Long Distance Service.

IMPORTANT INSTRUCTIONS AND SUGGESTIONS TO USERS OF TOLL SERVICE.

CALLS CHARGED.

Toll Calls are always charged to the telephone at which the call originates.

COLLECT MESSAGES.

Messages can only be sent collect when advance notice is given to the Toll Operator, who will give the connection when assured that such collection will be satisfactory.

LENGTH OF CALL.

The Subscriber, for his own protection, should always note the time, as Toll Rates are all based on three minutes or fractions thereof.

RATES AND CHARGES.

The Day Rate is in effect from 8 a.m. to 7 p.m., and the Night Rate from 7 p.m. to 8 a.m., and is approximately one-half that of the Day Rate, with a minimum Night Rate of 15 cents for each three minutes or fraction thereof.

A call originating under the Day Rate and continuing until after the night rate has taken effect will be treated as follows: For the first five minutes, Day Rate will be charged, for balance of conversation, Night Rate, viz: Call beginning at 6:56 p.m., and completing at 7:06 p.m., one Toll would be charged at Day Rate and one at Night Rate. The same rule will apply to calls changing from Night to Day Rate.

More Columbia Dry Cells

Are used for telephone service than all
other makes combined.

WHY? BECAUSE

Columbia dry cells last so much longer and give such **BETTER**
RESULTS that they **COST LESS** per day. Get
in line before you loose money.

terial of every description for Telephone and
Electric Lighting Companies.

GENERAL SOUTHERN AGENTS

FOR

THE SAFETY INSULATED WIRE & CABLE COMPANY,
THE NATIONAL WIRE CORPORATION,
AMERICAN CONDUIT MANUFACTURING COMPANY,
AMERICAN ELECTRIC FUSE COMPANY.

TOLL COLLECTED.

A Toll will always be charged when the individual or number called is obtained. For example: If John Smith, at No. 17, Henderson, is called for, and the Operator reports Smith not in, no charge is made. If, however, No. 17, Henderson, is called and the connection given with this number, a Toll will be charged even though Smith is not in.

HOW TO MAKE A TOLL CALL.

Ring Central and give to the Operator the name of person, what town and telephone number (if known) wanted. This is absolutely necessary, as the Operator will not give connection with a Toll Station or other Exchange. Then hang up your telephone; it may take an hour to get the party if they have no telephone. The Operator will, when the party called is at the telephone, ring you and so state. At once announce yourself and utilize time for conversation, which is otherwise lost in identification; a Toll is timed and charged from the time both parties answer.

MESSENGER OR APPOINTMENT CALLS.

When a party is wanted who has no telephone, the Operator will make every reasonable endeavor to get the same to the telephone. Should it be necessary, however, to pay a messenger fee to get person wanted the same will be charged to subscriber making the call.

Appointments will be made with persons having no telephone either by mail, messenger or otherwise, and if the party called fails to keep the appointment, no charge is made except for messenger service in case a fee has been paid.

HOW TO TALK.

When using the Long Distance Lines, speak slowly and distinctly, *directly into the Transmitter*, with lips very close to the same. *Press the Receiver firmly against the ear*. Shouting does no good—lips very close to Transmitter and directly in front of same DOES.

COUCH & SEELEY TELEPHONE SYSTEMS

A STANDARD TYPE OF
AUTOMATIC INTERCOMMUNICATING
WALL TELEPHONE.
PUSH THE BUTTON—THAT'S ALL.

7 REASONS WHY YOU NEED SUCH A SYSTEM

FIRST—It brings you the Proprietor or Manager into instant communication with every employee occupying a responsible position.

SECOND—It saves the time of those whose time is worth saving—those upon whom you depend for results.

THIRD—Superintendents and Foremen need not leave their departments to give or obtain information.

FOURTH—Its use secures information direct—not through an office boy.

FIFTH—Time heretofore wasted in travelling about between departments can be utilized in profitable work.

SIXTH—Every employee is right at hand. No occasion for leaving department. If not there, **WHY NOT?**

SEVENTH—This investment pays larger annual returns than five times the sum put into any other machine, device or system known.

Lose a sum of money—you can make more, but you never can make up a perpetual waste—though **YOU CAN STOP IT.**

We Have 20 Different Systems, Covering Every Telephone Requirement

—TO—
THE PRUDENT
BUSINESS MAN

SOONER or later, if you succeed, you will transact your business through a Bank—The earlier you begin the better. Why buy Money Orders or Express Orders when you can call at our Bank, deposit your money, receive a nice check book and issue your own checks. There's a saving to you, and besides, there is satisfaction in preserving a neat record of your transactions, which record we make up and return you each month. No charge for this—it is our business.

—TO—

THE PRUDENT BUSINESS MAN

SOONER or later, if you succeed, you will transact your business through a Bank. The earlier you begin the better. Why buy Money Orders or Express Orders when you can call at our Bank, deposit your money, receive a nice check book and issue your own checks. There's a saving to you, and besides, there is satisfaction in preserving a neat record of your transactions, which record we make up and return you each month. No charge for this—it is our business.

—TO—
THE PRUDENT
BUSINESS MAN

SOONER or later, if you succeed, you will transact your business through a Bank—The earlier you begin the better. Why buy Money Orders or Express Orders when you can call at our Bank, deposit your money, receive a nice check book and issue your own checks. There's a saving to you, and besides, there is satisfaction in preserving a neat record of your transactions, which record we make up and return you each month. No charge for this—it is our business.

THE CITIZEN'S BANK OF HENDERSON

—TO—
THE PRUDENT
BUSINESS MAN

SOONER or later, if you succeed, you will transact your business through a Bank—The earlier you begin the better. Why buy Money Orders or Express Orders when you can call at our Bank, deposit your money, receive a nice check book and issue your own checks. There's a saving to you, and besides, there is satisfaction in preserving a neat record of your transactions, which record we make up and return you each month. No charge for this—it is our business.

When You HAVE URGENT BUSINESS
IN ANOTHER TOWN,

REMEMBER

The Quickest Communication is by Telephone.

FOR A NERVE BRACER.

Have You Looked

OVER THIS BOOK
CAREFULLY

?

AND NOTED HOW MANY PEOPLE
YOU CAN REACH WITHOUT
LEAVING YOUR OWN OFFICE

?

THE NUMBER IS CONSTANTLY BEING ADDED TO.

A Telephone Line

IS THE DOORWAY THROUGH WHICH TO REACH
THEM.

Why Not Open It?

FOR A NERVE BRACER.

INTERESTING & INFORMATION

ON MAY 1, 1902, THE OLD
CONSERVATIVE

PENN MUTUAL LIFE INS. CO.

OF PHILADELPHIA

ADJUSTED ITS RATES AND VALUES TO A

**Three Per Cent
Reserve Basis**

thereby furnishing in its new contracts the largest GUARANTEED
CASH SURRENDER, LOAN (5 PER CENT.) PAID-UP
AND AUTOMATIC EXTENSION VALUES.

With even greater dividends than heretofore, this will enable the Penn to furnish the insurer with previous PROTECTION AT A NOMINAL COST IN CASE OF LAPSE, and to him who fortunately carries the policy to maturity or death, THE MOST PROFITABLE INVESTMENT, CONSIDERING THE ABSOLUTE SAFETY.

All Kinds of Desirable Contracts Issued

including, in addition to the usual Ordinary Life, Limited Payment Life and Endowments on various plans, CONTINUOUS INSTALLMENT POLICIES, with income for life; FIVE PER CENT. GOLD BONDS, paying to the beneficiary 5 per cent. annually on the principal for 20 years and then the principal; cheap 10-year CONVERTIBLE TERM policies costing at age 35 only \$14.80 per \$1,000.00, and many others.

**All Policies Practically Incontestable from Date;
absolutely so after one year.**

**All Policies Participate in Profits of Company, with
Annual, Deferred, or Guaranteed Dividends.**
